Hastings is a community rich in history with pioneers, inventors and internationally known innovators. Let your adventure start with a visit to the Hastings Museum, Central Hastings Historic District, thriving downtown or the WWII Naval Ammunitions Depot.

**1872-74** The first railroad, Burlington & Missouri River Railroad, reached Hastings. Hastings was founded, named for Colonel Thomas D. Hastings, contractor for the St Joseph and Denver City Railroad. The area of Hastings became an incorporated community on April 20, 1874.

**1882** Hastings College opened for its first classes with 44 students enrolled. Lectures were held at an old post office until McCormick Hall was built on campus, in 1884.

**1927**

Edwin Perkins invented Kool-Ade, renamed Kool-Aid in 1934. The first six flavors were raspberry, cherry, grape, lemon, orange and root-beer. *You can visit the original home of Kool-Aid Downtown on First Street.*

**1942-1966**

The Naval Ammunitions Depot served as the largest inland munitions plant during WWII. It included over 2,000 structures and produced over 40% of the Navy's munitions throughout the war.

**2016**

WR Reserve became the first Israeli-approved kosher beef processing facility in the U.S.
